Career Objective

Passionate and adaptable final year student seeking a challenging technical position where I can leverage my skills in Django, Python and backend development to contribute into innovative projects, learn and grow within a dynamic team environment, and make a meaningful impact on the organization's goals.

Technical Skills

Languages: C++, Python, Javascript, SQL, HTML
Tools: Github, Postman, VScode, Jupyter Notebook
Others: Django, Node.js, Express.js, PostgreSQL

Internship

DATAPLAY: Data Science Intern
July,24 – Aug,24

- **Description**: Scraped reviews data from Google Maps and performed comprehensive sentiment analysis using Power BI and Excel. Delivered insights through effective data visualizations and collaborated with team members to enhance analytical processes and reporting accuracy.
- **Certificate:** Dataplay Internship certificate

Projects

EDUCAL

Course Purchasing Web application
Summer Training, May,2022

- **Tech Stack:** Node.js, Express.js, MongoDB, JavaScript, HTML, CSS
- **Description:** Developed a platform where users can explore and purchase online courses from various domains and instructors. The application supports multiple payment methods.
- **Features**:
  - Implemented user authentication using Passport.js for secure and smooth onboarding.
  - Integrated email notifications to inform users upon successful enrollment.
- **Github:** EDUCAL Repository

JobSync

Streamlined platform for Job search and preparation
UHACK 3.0, Oct. 2024

- **Tech Stack:** Django, Python, JavaScript, HTML, CSS, PostgreSQL
- **Description:** JobSync streamlines job searches with resume parsing, tailored job recommendations, automated job scraping, daily alerts, and mock interview preparation.
- **Features:**
  - **Resume Parsing**: Extracts key details and suggests resume improvements for better shortlisting.
  - **Targeted Job Scraping**: Gathers relevant job listings from multiple websites into a single platform.
  - **Mock Interview Experience**: Offers tailored interview questions, analyzes responses, and provides feedback.
- **Github:** JobSync Repository

Achievements and Honors

- Won **Most Sustainable Award** in **UHACK 3.0**
- Secured **2nd rank** in a college coding contest.
- Rated **5-star** on **Hackerrank** in **C++**
- **Top -7** finalist in **Hackdiwas.**
- Rated **2-star** **(Max 1435)** on **Codechef.**
- Participated in **Smart India Hackathon 2023** and shortlisted at college level.
- Given 40+ contest across **Codechef, GFG Practice** and **Leetcode.**

EDUCATION

Bachelor of Technology – Computer Science (AI & ML)
United College of Engineering and Research
2021-2025   **6.92 CGPA**

Class XII
D.P. Public School
2019-2020   **81.2%**

Class X
D.P. Public School
2017-2018   **79.2%**
